Subject: PABIODIV: Re: Rep. Hansen bill proposes to reform ESA
To: pabiodiv@webmail.upb.pitt.edu

Being that my particular area of interest is in plants and ethnobotany, it is especially disturbing that the suggested changes include complete removal of plants from the ESA. In fact it is so disturbing (and stupid) that I doubt it could receive much serious attention beyond relief that no one has to deal with Hansen in Congress anymore.

Jennifer Chesworth

The Pennsylvania Biodiversity Listserv encourages open discussion about biodiversity issues in the state. It is hosted by the Allegheny Institute of Natural History, University of Pittsburgh-Bradford and is moderated by the Pennsylvania Biodiversity Partnership. The opinions expressed in messages are those of the authors and NOT the Pennsylvania Biodiversity Partnership.
