Subject: PABIODIV: Nature Conservancy Job Announcement

The Nature Conservancy is currently accepting applications for a full-time Forest Conservation Specialist to be based in Williamsport, PA.

Please forward this information on to anyone that may be a qualified applicant. For detailed information on this positions, please visit our careers website at <http://nature.org/careers/>.

Forest Conservation Specialist
Turn your values into actions.

The Nature Conservancy has been protecting our planet's biodiversity since 1951. The Nature Conservancy's Forest Program in Williamsport, PA Office seeks a Forest Conservation Specialist to provide technical and scientific support with field data collection, GIS, statistical analysis and interpretation for forest conservation initiatives throughout PA. This position will be part of a team to identify forest conservation and restoration strategies, to implement on-the ground management strategies, and assist in raising awareness of forest restoration issues among both scientific and lay audiences.

Bachelors degree in forestry or forest ecology and 3-5 years experience required, as are knowledge of eastern forest community types, ecosystem processes, and their conservation needs. The ideal candidate has experience in collecting, manipulating, analyzing, and interpreting scientific data, and preparing reports of findings; as well as knowledge of ESRI Arc GIS 8.x or higher.

Only those applicants that submit a resume, cover letter & salary requirements will be considered. Please contact us at pacareers@tnc.org, Attn: Job FCS. For a detailed job description, visit us at <http://nature.org/careers>. EOE.
