Subject: PABIODIV: NJ Department of Environmental Protection "big red map"

The following is a link to the New Jersey website including the "big red map" developed by that state in its efforts to link Smart Growth to biodiversity conservation.

<http://www.state.nj.us/dep/antisprawl/map.html>

The Pennsylvania Biodiversity Listserv encourages open discussion about biodiversity issues in the state. It is hosted by the Allegheny Institute of Natural History, University of Pittsburgh-Bradford and is moderated by the Pennsylvania Biodiversity Partnership. The opinions expressed in messages are those of the authors and NOT the Pennsylvania Biodiversity Partnership.
