NATIVE PLANT SALES

Several months ago, Flasher John "Mothman" Laskowski suggested we compile a list of native plant sales for the SEE Flash membership. A dozen make up the following list, but we're sure we missed a few.

If you know of a native plant sale that's not on this list, please send the information to us and we'll share it with the group. But what if you're still flooded in California or shoveling snow in New Hampshire? Send the info anyway. Regardless where you live, send it on.

Thanks!
Bill Einsig
