Subject: PABIODIV: Upcoming Invasive Plant Conference

"Folks,

There is a great upcoming conference in New Jersey sponsored by the Mid-Atlantic Exotic Pest Plant Council--it is a short ride out of New York to Morristown on New Jersey transit. Please pass this along to anyone you think may be interested in attending--it's less than one month away! The morning will be spent learning more about the problem with plant invasions in the Mid-Atlantic, learning about federal, state, and non-profit efforts, volunteer program successes, and the afternoon will be all field demonstrations and hands-on learning with lots of networking opportunity with folks from New York to West Virginia. Attendees will come away with a "Weed Buster" certification for completing the workshop. Stick around and mingle with other professionals and volunteers for cocktails and dinner afterwards! The brochure link is below, as well as the MA-EPPC link.

<http://www.ma-eppc.org/>

Hope to see you there! "
